### **RED** CROSS MAKES LETTERS SPY-PROOF

Communication Department Is Established in Dr. McCallie's Office.

Because no allotment has been received from divisional headquarters, the Chattaneoga Red Cross workrooms will close Tuesday morning for the rest of the week. The rooms were open this morning and a few faithful workers were present, but the August allotment of work has not been received.

A new feature of the Red Cross work that is reasons through Dr. T. A new feature of the Red Cross work that is passing through Dr. T. S. McCallic's office in the Volunteer building is that of communications. According to government rules and regulations any person wishing to send a message to a relative or friend in Germany or Austria must write it in some office of a Red Cross chapter. Almost daily some party or parties come into Dr. McCallie's office to write messages to relatives or friends in these countries. By thus conforming to the government rules their letters

to the government rules their letters are more likely to reach their destination than they would otherwise.

Sometimes the letters are written in German. These are translated and copied by the stenographer in Dr. McCallie's office. Dr. McCallie's signature must be placed on it, as well as that of the writer. Messages thus written are sent through the division to the office of the director of the bureau of communication at National to the office of the director of the bureau of communication at National Red Cross headquarters. There they are cut down in most cases, and in all instances the wording is changed. As Dr. McCallie is taking much pains in personally supervising this work here, he feels that there will be little need of further cutting down after the letters leave his office. Anyway, these letters are absolutely confined to personal messages regarding the welfare of the writer and family and inquiries concerning that of the party addressed. From the bureau of communication

of the writer and family and inquiries concerning that of the party addressed. From the bureau of communication the messages are sent to the censorship board, by which they are passed or refused, as the case may be. When certified to, they are then sent to the Red Cross in Switzerland, put in another form and forwarded. In most cases they are delivered at their destination by Red Cross representatives.

This system was devised by the department of state and is considered as nearly spy proof as can reasonably be expected. The process in itself is simple, but a great deal of labor is required to make the safeguards complete. The plan is to prevent all use of codes and to keep watch against German sympathizers, who are constantly seeking to send messages from the United States into Germany. However, since the plan was put into effects the United States into Germany. However, since the plan was put into effect, says Dr. McCallie, it has been utilized by persons who are in no way whatsoever enemies of the United States, and is the cause of much satisfaction to persons who fear for the safety of their families in the invaded faction to persons who fear for the safety of their families in the invaded districts, in that it makes communica-tion with them possible.

CANNING DEMONSTRATIONS AT CHAMBER OF COMMERCE

Girlish, Wrinkle-Free Skin Easy to Have

Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the saxolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and sasgificess. The formula is: Powdered saxolite, one ounce, dissolved in witch hazel, one-half pint.

This simple and harmless face bath is a splendid thing for the outdoor girl, since sun, wind and flying dust are so provocative of squinting and other contortions which cause wrinkles and crow'sfeet. Also it is fine to freshen up a tired face in hot, depressing weather.—(Adv.)

## **UNTRIMMED BUT EXCEEDINGLY CHIC**

(By Betty Brown.) The frock that stands on its own fab-ric and color merits and accepts no aid from frivolous laces and ribbons is the chic frock for a wartime summer. Smart Parisians have entirely aban-doned trimmings for daytime gowns and sensible Americans follow suit. What could laces add to the clusive charm of this confection of white linen and blue batiste? Stripes, which obligingly run one way or the other, do much for the cause of simplicity.

Friday, 3 p.m.—Community canning at Ridgedale school. Miss Ava Wright

Mrs. J. W. Leighton is chaperoning the party which numbers ten.

#### CANTALOUPES FIRST GROWN IN ARMENIA

In the August number of "Guide to Nature," published at Sound Beach, Conn., is an illustrated article by Robert S. Walker, which gives some information on the favorite frui of the vine, the cantaloupe, which might be of interest to lovers of this delicacy. At one place the writer says: "Today when we think of the horrible massacres of men, women and children which has lately been carried on in Armenia by the Germans and Turks which has lately been carried on in Armenia by the Germans and Turks—or by the latter under the direction and guidance of the former—we pause long enough to receive one pleasant thought, and then we may thank Armenia for producing the seed of that variety of muskmelon which in America has assumed such large proceedings within the last few years—within the last few years portions within the last few years— the cantaloupe. Armenia is accredited with producing the seed which were taken to Marca D'Ancona, Italy, and there planted, from which was pro-duced a melon which was christened "cantaloupe," after the castle of Can-talupa, situated in that country. And so we have the beginning of this highly prized, sweet fleshed and aro-matic fruit of the vine."

#### THANKS FROM RED CROSS TO EDITOR WOMAN'S PAGE

In the absence of Mrs. C. M. Greve, corresponding secretary of the women's committee of the Council of National Defense, I have been asked to try to express to you, for that organization, the sincere gratitude of its members for your diligent assistance in making the Red Cross parade the success that it was.

## SERGT. WALTER HEASTY WRITES FROM FRANCE

Former Local Y. M. C. A. Secretary and Popular Singer Now in France.

Another Chattanooga boy with the American army in France is Sergt.
Walter Heasty, a member of the 325th
Infantry band. Sergt. Heasty was a
member of the first company of selectmen going from Chattanooga to Camp Gordon, Atlanta. He sailed for France writes that he was among the men who paraded the streets before King George. He is one of Chattanooga's best known singers and was formerly secretary at the Y. M. C. A.

A letter to his mother, Mrs. F. Heasty of St. Elmo, follows:

France, June 22, 1918. Dear Mother: Since you last heard from me, we

have changed our location by a few hundred miles and I might say here, that I don't think it will be very long that I don't think it will be very long before our division is assigned to a definite sector of trenches and I understand that we will not be allowed to write while we are up there, so you must not worry if you do not hear from me for about two months from that date.

This is Monday a. m. and the fellows are all sufficients are the second of the seco

are all sitting around the barracks cleaning their equipment, at the close of the morning period of instruction. We are taking a first aid course in order that we may assist in taking care of the wounded in case we are care of the wounded in case we are needed. Glenn Ellis, myself and three more bandsmen took a long hike to some of the villages near our camp, yesterday. There are a great many interesting things to be seen. The French people are always glad to see us. I know you would laugh to hear us try to talk to them.

Doing the Wash.

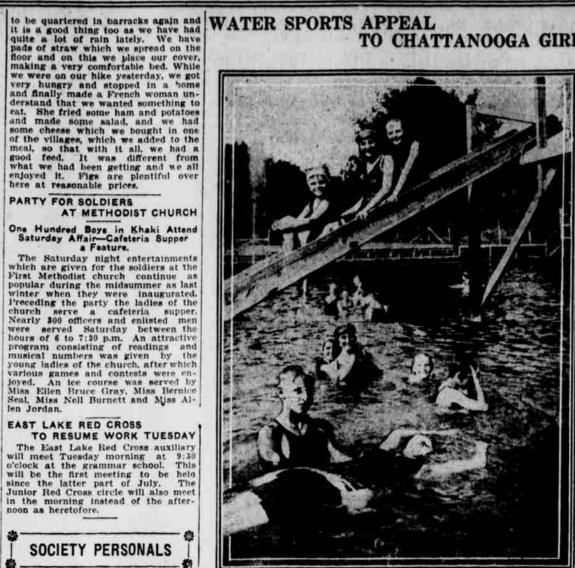

Have not had a sick day since I landed over here. The main difficulty is in getting enough to eat. I did the biggest washing last Saturday I have done since my entrance into the army. It consisted of the following pieces: two pair sox, three towels, eight hand-

two pair sox, three towels, eight hand-kerchiefs, one suit of wool underwear. I did the scrubbing with my hands and rubbed the skin off of two knuckles at the same time.

We get little news of the war in general. We hardly ever see a news-paper, and when we do it is usually a month old. We hear a great many rumors, but they are more hot air than anything else. I am getting ac-customed to the boom of the big guns and the roar of the aeroplane engines, as they are both very plentiful in this sector.

I assisted Chaplain Tyler in the regimental service yesterday. We only held one service, as the regiment is all quartered near by. It seems good

W. F. RAY ARRIVES SAFELY OVERSEAS

John W. Ray, well known Chatta-nooga attorney, has received a card from his brother, W. F. Ray, announcing his safe arrival overseas.

The young man departed from Chattanooga on May 26 with selectmen who were sent to Fort Thomas. He was later sent to Camp Jackson. Prior to entering the service he was in the employ of the Southern Insurance

### **HOT WAVE DRIVES MANY** TO SWIMMING PLACES

Lakes and River Dotted With Swimmers-Chattanooga Develops New Sport.

With the thermometer registering up in the nineties in Chattanooga during the past two or three weeks, all of the lakes near here have been crowded with men, women and children who have sought relief from the intense heat.

heat.

Swimming has become a most popular sport in this city during the past four years. A number of lakes on the mountains that were not suitable for swimming have been developed for this purpose and are now given over to large crowds, especially in the evenings. In years gone by bathing suits were only purchased here by Chattanoogans who were going to spend the summer months at Paim Beach or some similar summer resort, and a few who went on camping and a few who went on camping parties and took in the "old swimming hole." Now all swimming apparel is displayed in the down-town stores practically the same as if Chattanooga were a coast town instead of one sur-rounded by mountains and ridges.

On Saturday and Sunday afternoons and evenings fully 500 to 1,000 persons visit the most popular swimming places, either swimming or attempt-ing to learn how.

ing to learn how.

The three most popular swimming places around Chattanooga are: Lake Lookout, Rainhow lake and McCallic lake. Lake Lookout is located on the side of Lookout mountain, out beyond the new Wauhatchie pike; Rainhow lake is situated on top of Signal mountain about a half a mile from the Signal mountain hotel, and McCallie lake is at the foot of Missionary ridge. In addition to these places there are several enclosures arranged for swimming at the foot of Market street in the Tennessee river. Various swimming places, such as the Y. M. C. A. and Y. W. C. A. pools, and the pool at the Chattanooga Golf and Country club and Lula lake on top of Lookout mountain are also popular.

#### NEW YORK MUSIC TEACHER

Says "Vinol Cures Chronic Coughs" New York City, 121 Nicholas Avenue.—"I teach plane and singing and when suffering from chronic coughs, colds and bronchitis, I use Vinol as I find it cures when other remedies fail."-Henry Albers.

The reason Vinol is so successful in such conditions, is because it is a constitutional remedy containing beef and cod liver peptones, iron and manganese peptonates and glycero-phosphates. It strengthens and re-vitalizes the entire system and assists nature to expedit tire system and assists nature to expel the disease.

We know of many such cases. For sale by Joe Anderson and drug-gists everywhere.—(Adv.)

# Mr. Rent Payer:

How would you enjoy handing your landlord a check for \$65,000?

Well, that is what you will do if you pay \$35 a month rent for forty years. With interest at 6%, compounded semi-annually, you will pay your landlord \$5,535 at the end of ten years. At the end of fifteen years, \$15,440.91. At the end of forty years, \$64,999.90.

Yet some people prefer to pay rent

# Look Over These Figures

Rent Per Month.		Amounts to in 10 Years.	Amounts to in 15 Years.	Amounts to in 40 Years.
\$10.00		\$1,581.62	\$4,414.26	\$18,571.40
15.00		2,372.52	6,621.39	27,857.10
20.00		3,163.36	8,828.52	37,142.80
25.00		3,954.20	11,035.65	46,428.50

Now which do you propose to do - pay for a home and own it, or pay for it over and over and let the other fellow own it?

Look over the above figures, Mr. Rent Payer, and then make your decision.

There has never been a time when you could buy a home at such bargain prices as now. Good homes can be had here now at the price of the lot just a few years ahead. All history goes to show that real estate prices lag in time of war and take on tremendous activity when war is over.

IT'S UP TO YOU, MR. RENT PAYER! WHAT WILL YOU DO ABOUT IT?
